EU-Japan Policy Support Facility

About the project

The project is at pre-tender stage.

The EU-Japan Policy Support Facility (EJPSF) aims to strengthen EU-Japan relations in key priority areas, in line with the EU-Japan Strategic Partnership Agreement (SPA) and other relevant bilateral agreements, with the overall objective of advancing the EU-Japan strategic framework by enhancing bilateral dialogues in areas of mutual interest.

The Facility will be implemented over 36 months and will include technical analysis and consultancy services to support dialogue, organise events and provide policy recommendations.

About the role(s)

We are looking for international experts with experience in the following areas:

- International relations and diplomacy
- Development cooperation
- Public/cultural diplomacy
- Governance and institutional reform
- Thematic areas of EU external action such as climate, security, connectivity, or science and technology

Required expertise and experience

- Advanced university degree, Master's or equivalent, in a relevant field such as political science, international relations, law, development studies, economics, or similar.
- At least 10 years of relevant professional experience.
- At least 3 years' experience in delivering EU-funded technical assistance projects, particularly in policy dialogue or capacity-building.
- Strong analytical, communication and writing skills.
- Experience working in or with Japan or other East Asian countries will be considered a strong asset.
