

CALL FOR EXPERTS – IDENTIFICATION & FORMULATION FOR EUROPEAN UNION-FUNDED PROJECTS

About the call

Landell Mills provides multi-disciplinary services in **project feasibility and design**; project management; technical advisory services; monitoring, evaluation and learning; and communications. Due to recent business development opportunities, we wish to get in contact with experts with proven experience in identification and formulation of projects for the European Union, and with knowledge and experience of high-level EU policies.

Required expertise and experience

We are seeking to recruit high calibre senior (12 years of experience, minimum), mid-level (6 years) and junior (3 years) consultants with comprehensive experience in **designing projects, specifically with familiarity with EU identification and formulation processes**, including:

- Scoping and analysis, including comprehensive stakeholder consultation and data collection.
- Development of Action Documents and annexes.
- Familiarity with Annual Action Plans and other programming frameworks e.g. Multi-annual Indicative Programme.
- High-level EU policies and instruments.
- We are particularly interested in candidates with experience with and knowledge of the **EU Green Deal and Team Europe Initiatives**.

Expertise may be required at any stage of the project cycle (aside from financial audits), and may also cover any geographic area in the world. The technical area broadly will relate to natural resource management and resilience.

How to apply

Please send an up-to-date CV, preferably in EU format, to siealot1@landell-mills.com. Candidate CVs will be saved in our expert roster and approached only when a suitable position arises.

Please send any queries regarding this role to the same email address.
